ITEMS FOR INFORMATION ONLY

7044 **Balaam's Wood Group**

The group are currently doing mapping of a tree trail supported by Beatrice, a University Student. Once complete they look forward to sharing this with the Community.

7045 **Big Spring Clean Litter Pick Event**

Cllr Strachan and Cllr Bradley are currently organising a map / schedule for the upcoming cleaning event. There will be a meeting taking place with Councillors and Rubery Wombles to finalise the organising of the event. BT Open Reach were kindly supporting the event on 21st March. It was raised that a Saturday event should be included, so Children and working families can take part. There was a suggestion of Saturday 29th March, and this will now get added to the schedule.

Cllr Strachan had requested 'No Fly tipping' signage for the Hot Spot areas in Frankley. Birmingham City Council had been previously approached but were unable to provide us with these. Ian Bruckshaw advised he would speak to the

Housing Liaison Board to see if they were able to assist with obtaining signage in readiness for the Big Clean Event.

7046 **HP Printer Update**

An announcement about the HP Printer situation was made by the RFO and Councillors were informed that the Parish Council had been issued with an invoice for the HP Printer, which was no longer owned by the Parish Council.

The HP Printer had been donated to NewStarts following the instruction from SHARP to recycle or send to Charity. Cllr Kenyon and CEO of NewStarts explained the HP Printer was too big for NewStarts so wasn't used and was sold on to a third party.

It was stated that SHARP has no right to charge the Parish Council for usage following the expired contract. The RFO was still in discussions with SHARP to get this resolved.

Meeting closed: 19:40pm
